

## RENTAL OF SCHOOL PREMISES

Glasheen Boys' School

(June 2015)

The school facilitates parents and children by making rooms available for activities outside of school hours, conducted by private individuals. The individuals who avail of school rooms are referred to as 'Independent Contractors'.

The activities are **not** part of the school curriculum and are **not** regulated by the school, which only provides facilities, to enable these independent contractors and parents to make arrangements between themselves.

Parents discharge any fees payable, directly to the independent contractor, who is responsible for all aspects of the service provided. Contractors have their own insurance.

While the school makes every effort to facilitate all parties, neither the Board of Management of the school, nor the Trustees of the Parish, can accept any liability, whatsoever, for any matter arising in connection with such activities or in neglect or default of any such independent contractor.

Rental of school premises is subject to availability and annual review, with the clear understanding that school activities must take precedence over all other activities. Any proposed Independent Contractor must apply for a Licence to Cork & Ross Diocesan Office, satisfying the various requirements of the Diocesan Office, once the Board of Management is happy to recommend such a Licence.

Mícheál Ó Buacháin (Chairman Board of Management)

Michael Daly (Secretary Board of Management / Principal)
